3. The Central Government provided adequate anti-malarials like Choloroquinc, Primaquine etc. to the State.

4. Insecticides were provided for undertaking the vector control measures.

5. The situation was reviewed at the level of Union Health Minister from time to time with technical experts for effective containment measures.

6. State Government constituted six combat teams to tackle the situation. In addition Mobile teams were also constituted to shift serious patients to referral centres.

7. The vector control measures i.e. indoor residual spraying, space spraying etc. with DDT 50% were carried out in affected areas.

Based on the observations made by various central teams who visited Bctul the State Government has been advised to draw up Action Plan for intensification of Malaria Control efforts.
